

VLV300 IMPACT & ACOUSTIC UNDERLAYMENT

CUSHION | MOISTURE | SOUND | INSULATION

Vius Impact & Acoustic Underlayments are high performance acoustic underlayments designed to reduce the passage of impact transmission caused by people walking. Vius Impact & Acoustic Underlayments can be installed under ceramic tile & stone, carpet & carpet tile and hardwood flooring.

The Vius VLV300 underlayment has been specifically engineered and manufactured for vinyl plank (LVT), sheet vinyl, carpet & carpet tile. The Vius VLV300 is made from 100% recycled high density foam chips and cork granules and is the perfect solution to reduce vibration caused by footfall & impact noise.

APPLICATIONS

- Apartments ■ Condominiums ■ College dormitories ■ Class rooms ■ Schools
- Hospitals ■ Any area where reduction of impact noise is desired
